Rendezvous Pointe’s 2019 Senior Survey

Once again Rendezvous Pointe’s Board of Directors and staff want to provide a comfortable, enjoyable, and educational gathering place for you. By soliciting your views and ideas once every year, we can better achieve this goal. By now, you know that all of our state and federal grants require an annual evaluation of our programs, including a survey. Such surveys are common place in senior centers across Wyoming and the United States, and in fact this is the 12th year Rendezvous Pointe has surveyed its seniors. Your answers to these questions are the best way we may better serve you. If you attend Rendezvous Pointe once a month or less for a meal or activity, please consider if you know enough about our center to venture an opinion on every question. Thank you again for your cooperation and time.
